

PEGAS CEGH 1st Front Month Reference Index (%)

June 2019

Summary

The PEGAS CEGH 1st Front Month Reference Index (%) is published as a reference price for the Gas Market in Austria and can be used as a market based alternative in delivery or supply contracts.

The Index is based on the First Front Month Index of the PEGAS CEGH Gas Exchange Futures Market, starting with delivery period February 2011.

The formula for the calculation (example for 1st FM Reference Index July 2016):

$$\text{CEGH 1st Front Month Reference Index} = \frac{(\text{FMIndex} - \text{July.2016}) * 100}{\text{FM} - \text{Index} - \text{Feb.2011}}$$

	2011	2012	2013	2014	2015	2016	2017	2018	2019
January		103,661	120,899	122,957	103,880	74,630	77,989	91,083	105,72
February	100,000	100,788	117,745	117,259	91,210	64,662	88,154	81,865	96,63
March	97,727	110,287	112,403	107,480	101,296	57,940	87,786	79,644	84,01
April	111,562	115,713	116,401	104,861	98,476	55,741	73,899	82,272	75,37

PEGAS CEGH 1st Front Month Reference Index

The PEGAS CEGH 1st Front Month Reference Index is a percentage index based on settlement prices of PEGAS CEGH Gas Market. It is used as industry benchmark index for the CEE. Please find below details about its determination and publication.

1. Publication and Data Services

The PEGAS CEGH 1st Front Month Reference Index (%) will be determined and published for the expiry month on a monthly basis. The publication shall be after the expiry date of each month and shall be published on the website of PEGAS CEGH Gas Market.

The PEGAS CEGH Front Month Reference Index shall be published as follows:

MMM-YY XX.XXX %

You can find the recent publications via the following link:

<http://www.cegh.at/monthly-futures>

The index is determined monthly and calculated separately for each delivery period.

2. Calculation model

2.1. Definition of the assessment period:

The assessment period includes all trading days where trading for the referenced first delivery month is offered.

2.2. Calculation method

In order to calculate the PEGAS CEGH 1st Front Month Reference Index for the respective first front month, all settlement prices within the assessment period shall be taken into account for arithmetic averaging. Basis of the percentage index price is the arithmetic average price for the 1st FM contract which was delivered Feb.2011.
