

14 April 2023

30.82 TWh were traded on the Austrian EEX CEGH Market in March 2023.

- ▶ **46.8 TWh were nominated at the CEGH VTP in March 2023.**
- ▶ **30.82 TWh were traded on the EEX CEGH Market Austria.**
- ▶ **2.65 TWh were traded on the EEX CEGH Czech Gas Market in March.**

CEGH VTP:

The nominated gas volumes at the CEGH VTP reached an amount of 46.8 TWh in March 2023.

The Churn Rate was 3.73 (The churn rate is a measure of liquidity and indicates how often one MWh of natural gas is traded before it is finally transferred also physically).

By end of March, CEGH had 294 members.

EEX CEGH Austrian Gas Market:

On the EEX CEGH Market Austria a volume of 30.82 TWh were traded in March.

The EEX CEGH Spot Market recorded a volume of 13.71 TWh and on the Futures Market 17.11 TWh were achieved.

By end of March, 139 members were registered on Austrian EEX CEGH Gas Market.

EEX CEGH Czech Gas Market:

On the EEX CEGH Czech Gas Market, 2.65 TWh were traded.

On the Spot Market, 2.12 TWh were traded, whereas at the Futures Market, the volume amounted to 0.53 TWh.

By end of March, 55 companies were registered on the EEX CEGH Czech Gas Market.

Volumes March 2023 (in TWh):

	03 / 2022	03 / 2023
CEGH VTP	67.76	46.80

EEX CEGH Czech Market	3.98	2.65
Spot Market	2.55	2.12
Futures Market	1.42	0.53
EEX Members for EEX CEGH Czech Gas Market	46	55

CEGH GreenGas Platform:

CEGH launched, as one of the first players on the gas market, the CEGH GreenGas Platform in April 2022. It is the first platform to support the decarbonization of the gas markets by providing trading possibilities for Green Gases. It will be a marketplace for biogas supply and demand as well as for green hydrogen, once green hydrogen becomes available on the market.

If you are interested in what we created to support the change in the energy system and how you can benefit from it, have a look on our website www.cegh.at/en/greengas or directly on the [CEGH GreenGas Platform](#).

CEGH GreenHydrogen Index:

In December 2022, CEGH launched the second project to support the energy transition: The CEGH GreenHydrogen Index!

Again, as one of the first players on the gas market, CEGH has started publishing the CEGH GreenHydrogen Index as an index for the production costs of Green Hydrogen in Austria. The Index will serve as a price reference for Green Hydrogen in Austria and in Central Europe.

If you are interested in the different kinds of green hydrogen and further details about the CEGH GreenHydrogen Index, have a look on our website [CEGH Greenhydrogen Index Specifications](#) or directly on the [CEGH GreenHydrogen Index website](#) to see past and current values.

Background information:**Central European Gas Hub:**

Central European Gas Hub AG (CEGH) is the operator of the Virtual Trading Point (VTP) in Austria and provides a gas nomination platform for international gas companies. The Gas Exchange products for the Austrian and Czech markets are offered on EEX Gas in cooperation between EEX and CEGH.

CEGH is a subsidiary of OMV Gas Logistics Holding (65%), Wiener Boerse (20%) and Eustream (15%). In 2022, CEGH has proven its position as one of Central Europe's leading trading platforms when it achieved a nominated volume of 633 TWh of natural gas at the CEGH VTP, despite the challenges on the European Gas Markets.
